### What is CultureConnect Family Program?

The purpose of the CultureConnect Family Program is to help American families with a new international student. Studying abroad and living in a new country brings on a new experience. Many young international students will face a lot of challenges when they first arrive in the U.S. CultureConnect Family Program is a program that helps international students adjust to life in a new place.

Through CultureConnect Family Program, American families can help international students adjust to life in the U.S. and help them adjust to new culture. It is important to have a family that is open-minded, has no stereotypes, have international experience, and welcome foreign students.

## General Information

~~Family contact requirements are outlined in the~~

~~Some students are in the beginning stage of learning English: therefore,~~

~~it is a meeting with families is very important for them.~~
